the glass low of cutting trees, power lines and roofs from blowing.

DAMAGE TO PRIVATE and public property throughout the area was estimated at more than \$50,000 and was rising steadily.

Many railroads suspended or curtailed service into the big towns in the area. Some appealed to workers to stay home from their jobs if possible. Safety of streets and highways was a major concern.

The storm increased the number of deaths in traffic and other accidents. At least 10 persons were killed in the area. A British United States Express plane was still flying today as rescue workers battled over the wreckage. The latest figures showed 20 dead, 100 injured and at least 500 homes destroyed or damaged.

Today the storm was moving northward in the cold-water belt. Its centre was believed to be passing over Pennsylvania and western New York state.

It knocked out telephone communications to seven towns in southern Michigan. State 125 line poles were down in the state. Detroit's transportation system was crippled. Wind-driven ice formed dams across the Detroit river and Silver Creek, threatening to cut off the water supply to Detroit and several river communities.

Ontario was reported hard hit. A rain and snow storm that may reach 12 inches of snow in some sections struck New England today, making conditions increasingly hazardous and threatening communications.

Gasoline Price
(Continued from Page 1)
December have made the price of gasoline in Canada rise to 15 cents a gallon, an advance of 50 cents a barrel for crude oil were made in United States producing fields and the increase is now general throughout the western hemisphere.

The new prices, as announced by Imperial Oil Ltd., are: Gasoline Extra, 15c a gallon; Gasoline Regular, 14c a gallon; Diesel fuel, 15c a gallon; and kerosene, 12c a gallon.

In Edmonton, due to local production, the increase is in effect at the present time at a rate of 10c a gallon. At Jan. 2, 1942, this allowance is increased to 15c a gallon, making the net increase only 10c a gallon.

In the area adjacent to Edmonton, due to local production, the increase is in effect at the present time at a rate of 10c a gallon. At Jan. 2, 1942, this allowance is increased to 15c a gallon, making the net increase only 10c a gallon.

Service station and dealer prices in Edmonton will increase to 15c a gallon. Esso Extra will be 38.5c, and Esso from 36.5 to 37c.

Lady Elizabeth Pays for Holiday

LONDON, Jan. 2.—(AP)—Lady Elizabeth Clark, 29-year-old daughter of the Duke of Wellington, was reported to have spent \$235 (\$400) yesterday for creating currency restrictions by cutting sterling cheques during her holiday in France last summer.

Delicate counsel was given to Elizabeth by her father, who did not realize "the seriousness" of the transaction.

Snipers Kill Jewish Nurse

Arabs and Jews Locked In 34th Day of Strife

By CARTER L. DAVIDSON
JERUSALEM, Jan. 2.—(AP)—Arab snipers killed a Jewish nurse and sprayed a Jewish funeral procession with bullets on the Mount of Olives today, police said, as communal strife ignited by the United Nations' decision to partition Palestine continued for the 34th day.

THE UNOFFICIAL count of dead since the outbreak of the fighting on Jan. 29, including 251 Arabs and 230 Jews, was reported today.

The Jewish nurse was shot at a hospital bus which, eyewitnesses said, was attacked by Arabs using automatic weapons and grenades.

Police opened fire and captured the house from which the Arabs had fired.

A squad of Hagana men rushed to the scene and a three-cornered battle between Jews, Arabs and the police ensued.

An Arab was found shot in Jaffa, the police said. He was taken to the hospital in the morning he was phoning the station to see if he had been an accident report on them.

POLICE ACTIVITY
(Continued from Page 1)
In the information "market" and the "willingness" to charge on himself.

Police relieved one man of his car keys after he had driven his car through his garage doors. They considered it unwise to drive any more that night.

ANOTHER claim came from a man who was worried about a man and car. He had loaded it to the gun in the morning he was phoning the station to see if he had been an accident report on them.

TRAFFIC and worried parents called to two missing girls, one 15-year-old, one 17-year-old. One had been sitting and when the people by whom she had been engaged returned home, the relieved mother phoned police to report her return.

A CHOP supply parlor had window broken by two inebriates. They paid for the damages and no charge was laid. A while later however one of the men was arrested on a suspicion of being a policeman on his beat.

Train Wreck
(Continued from Page 1)
To cut the wreckage apart and remove the bodies.

All the killed were occupants of the train. The train was carrying 17000 others who were taken to the hospital.

At 4:45 a.m. someone phoned to state that a woman was screaming at a certain address. She was a husband-wife quarrel and same remedy as previously.

In another house a man and woman reported that a friend of theirs had entered the house and started beating the woman. Police went to the house and found the man and woman. They were given a warning to keep the peace.

As usual on New Year's Eve the community had their drink run trouble. Every year a disturbance is caused at one of the city night clubs or halls by someone losing their temper. This year was no exception. They had one call to see someone had taken one else's coat. It was found to be a mistake and the constable rectified the matter.

LONDON, Jan. 2.—(AP)—The world began a new year of "peace" celebration, but it was in Greece and China, bloodied in Palestine and unsettled conflicts in India and Indonesia.

The "little man" everywhere was dogged by shortages and inflation.

EUROPE WAS SPLIT between Communists and non-Communists, and for everyone on the continent the year 1942 promised to be one of suspense.

In most of Europe there was a "cold war" of propaganda and economic and political pressure, but in Greece the shooting was real.

Promises of financial assistance from the United States under the Marshall Plan heartened the governments of Western Europe and gave them hope that 1942 would mark the turning point in the battle for economic recovery.

FROM EASTERN EUROPE, however, came bitter opposition to American offers to hasten reconstruction.

The Russian magazine New Times declared "the first step of the battle for Europe has in fact been lost by the American imperialists. They have aroused the wrath and hatred of the masses of the people who do not want to become slaves of the trans-Atlantic industry."

Count Dalquist expressed the hope Friday the attacks may have been committed by one of the many transients who have been drifting in and out of Leduc in recent days.

R.C.M.P. joined the search for the man soon after receiving the report of the attacks from Count Dalquist. No arrests had been made at press time Friday.

Chutes of Little Use Board Says
WASHINGTON, Jan. 2.—(AP)—Parachutes for airline passengers were found to be of little use in the opinion of President Truman's air safety inquiry board.

The board, set up by President Truman last summer after a series of airplane accidents, said that nearly 150 lives had been saved by the use of the chutes, but it has not yet been made public whether the board recommended a number of studies concerning flying safety and proposed some new airline organization steps.

The board said that nothing had been presented to it to justify any change in the "fairly unanimous" opinion that the use of parachutes was of little value.

The main reasons against the use of chutes, the board said, are the nature of air accidents, that is, the lack of warning, the necessity of knowing the technique for jumping, and the faster speeds and higher altitudes at which transports fly.

British Government Faces Brighter Year

By FRASER WIGGOTT

LONDON, Jan. 2.—(Reuters)—The Labor government, after a year of damaging blows to its prestige, faces 1948 in more favorable circumstances than seemed possible 12 months ago.

THEN GOVERNMENT and country faced the economic blast caused by war aftermath and the dollar famine. Britain's industrial drive to bridge the chasm between imports and exports was paralyzed suddenly by the collapse of electricity through insufficient coal stocks. A winter of exceptional severity and a succession of unofficial strikes threatened to make the coal production targets of the new nation almost impossible. Through the industrial collapse, £200,000,000 (£200,000,000) in savings were lost.

Ex-Military Secret

Sir Stafford Cripps, president of the board of trade, was appointed economic minister with unopposed authority. Manpower was realigned into priority industries. Export targets were set which it achieved would close the ruinous import-export gap by the middle of 1948.

FOOD IMPORT costs to produce £200,000,000 in dollar savings were estimated. Capital expenditure on heavy transport investment was controlled. The British rehousing program was modified.

With the resignation of Hugh Dalton as chancellor of the exchequer, Sir Stafford Cripps directed the whole industrial battle from the treasury office, retaining the functions of economic director as well as those of chancellor of the exchequer.

The weekly return from the coal mines showed sharp rising output and indicated that the target of 300,000,000 tons—earlier thought unattainable—would be reached by the end of the year. The steel industry announced an all-time record output and since has reached its official government target for the year.

EXPORTS REACHED peak levels, and Britain and the United States reached agreement on the financing of the Anglo-American zone of Germany, providing \$100 million relief for the United Kingdom.

The remainder of the United States loan, "loans" from Britain in mid-summer, decided to improve the convertibility of sterling in current transactions, was freed.

Observers are convinced that the Labor government will stand or fall by the handling of the "Cripps Plan," succeeds, imports and exports will balance by mid-summer, but direct still will remain a £200,000,000 deficit in dollars. Britain's economy plans have been made with no reference to any aid that might come from the Marshall Plan, but obviously without that aid a long and uphill fight is inevitable to work out the dollar deficit.

Plan Senate Action

On Seaway Project

WASHINGTON, Jan. 2.—(AP)—Senator Alexander Wiley (Rep., Wis.) said today he has "definite assurances" from Senator Arthur Vandenberg (Rep., Mich.) that the latter "will insist" that legislation authorizing the joint Canada-United States St. Lawrence seaway be referred to the United States Senate this month for "final consideration."

Wiley, chairman of a foreign relations sub-committee that held hearings on the much-delayed legislation last spring, said he sought the assurance from Vandenberg after Senator Robert Taft (Rep., Ohio), chairman of the Republican political committee, omitted the measure from his list of "vital legislation to be taken up at the regular session opening Jan. 6."

Man Is Freed

On Murder Charge

MISSION CITY, R.C., Jan. 2.—(CP)—A charge of murder against Elmer G. Huan was dismissed by Justice of the Peace A. S. Tait after following a preliminary hearing.

Huan, arrested in Winnipeg, was charged in connection with the death of Jack Hamilton, 56-year-old mail watchman, fatally injured during a party at his home Nov. 9.

The case was dismissed when Crown Counsel Frank Wilson told the court the evidence was "purely inferential," and when medical evidence showed a skull fracture could have been caused by a fall.

Canada Legation For Yugoslavia

OTTAWA, Jan. 2.—(CP)—Canada has opened a legation in Yugoslavia. It was announced last night, Minister to the Balkan country will be Emile Vallanceur, 48, of Montreal, the first Canadian representative in Belgrade.

Canada has had direct diplomatic relations with Yugoslavia since the exchange during the war of diplomatic representatives between Canada and the Yugoslav government in London. In 1943 General Georges P. Vanier was accredited as minister to Yugoslavia, and Dr. Indor Cankar was minister of Yugoslavia in Ottawa. Mr. Mato Jaklic has been nominated as Yugoslav minister in succession to Dr. Cankar and will take up his duties at Ottawa in the near future.

Junior Curling Event Hits Nag

TORONTO, Jan. 2.—(CP)—Secretary Ernest McMurtry of the Ontario Curling Association regretfully reported yesterday a proposal from Winnipeg for a Canadian junior curling championship—similar to the annual senior classic which brings together provincial champions—had to be left in shambles.

The proposal came from Ken Watson of Winnipeg Strathcona, one of Canada's greatest curlers with "bees and stane" McMurtry said the only thing wrong is that it's too expensive for boys in the east and our facilities are limited.

Everyone Was Having a Perfectly Wonderful Time

Fancy hats, horns and paper streamers—and New Year's kisses—were the order of the minute at midnight on New Year's Eve. Seen above is a crowd which thronged a popular city dance floor for Wednesday's New Year party. Dancing was a little difficult at this stage of the affair, but at a time like this, dancing is a little incidental to the fun.

hills near Rome. It failed to go off. Yesterday a group of 50 children shepherded by a Catholic priest passed that way. One of the children kicked the grenade. It exploded. Sixteen children were injured, four so severely they are expected to die. The priest also was hurt.

There are approximately 12 species or distinct varieties of trees in Canada.

Thousands Attend Gatherings New Year Welcomed In Traditional Ways

As the hands of the clock both pointed straight to the sky Wednesday night, all Edmonton rocked to the traditional strains of "Auld Lang Syne" from thousands of citizens gathered in public halls or in private homes to greet the coming of the year 1935.

MUSICAL inhibitions were dropped for the moment and the tempo, the soprano, the contralto and the baritone joined in the welcoming of the new year.

Nature smiled for the occasion with a mild spell which sent temperatures upward from the spell of a few days previous.

Formal and informal gatherings were held in all city public places of amusement including both dance halls and motion picture theatres.

The military groups did not leave the occasion and officers, NCO's and others held "open house" at army, army and air force stations.

IT IS ESTIMATED that private parties in houses and flats throughout the city were the focal point of most of the evening's festivities, though churches holding "watch night" services were also said to have had capacity congregations of those who wished to greet the New Year with song of praise and with prayer.

High spot of the New Year's day social events was the lieutenant-governor's levee, held from 12 o'clock in the afternoon in the legislative chambers. Hundreds of Edmonton citizens greeted there by His Honor Lt.-Gov. J. C. Brown and by Hon. N. E. Tanner, minister of lands and mines acting in the capacity of Alberta Social Commissioner and in the uniform of his office.

NAVY, ARMY and air force uniforms were in evidence in officers of the city's different messes attended as a group or paid their individual respects to His Honor. While the reserve and permanent force officers were making

Longden Finishes With 316 Winners

NEW YORK, Jan. 2.—(CP)—Johnny Longden, the former Taber, Alta., jockey piloted home 316 winners in 1934, the largest number of winners in the United States since Walter Miller was about 38 first-place horses in 1908.

London, who began riding on Western Canada tracks in 1927 and graduated to United States tracks in 1933, won jockey honors in this country in 1934 with 236 victories in 1,150 mounts. In 1934 he piloted Count Fleet to the triple crown and won the country's leading money-winner rider.

In 1934 his horses won \$462,137, fourth highest in the country. Longden, who went to Canada as a youngster of 17 from his native Wakefield, England, is grooming his son, 16-year-old Johnny, Jr., for future stardom in the saddle.

Ken McAuley Brilliant

Sid Fenn Counts Three As Quakers Trip Caps

REGINA, Jan. 2.—(CP)—The lowly Saskatoon Quakers, last place club in the Western Canada Senior Hockey League, yesterday stood off a desperate third-period drive by the first-place Regina Capitals and beat Caps 6-4 for their second victory in two days over the Regina crew.

After a scoreless first period, Quakers jumped into a 2-0 second period lead and then held their own as Caps twice tied the score and once forced ahead. Approximately 3,000 people saw the game.

Sid Fenn poured home three goals on assists from Keith Burgess to lead Quakers. Burgess, Reg Bentley and Bill Sailer scored the others. Bill Kyle, Jack Wilkie, Tony Brown and Dutch Van Doran scored for Regina while Al McDougall picked up two assists and a two-point lead over Calgary Stampede's Butch McDonald in the individual scoring race.

THE W left Regina and Calgary tied for top of the league with 31 points each, five more than Edmonton Flyers. Lethbridge Maple Leafs and Saskatoon trail with 22 each.

There was little good hockey but plenty of excitement in the first period with brilliant net work by Ken McAuley, Saskatoon, who turned back countless Regina rushes. Reg Bentley blocked the light for Quakers early in the second period on a rush with Mike Shabaga and 10 minutes later Porter Bush set up another goal by Bill Sailer on a rush.

TEMPERS were almost as high as sticks throughout the second period with several near fights as Regina still carried the play but were unable to beat McAuley. Regina power plays paid off early in the third period when Bill Kyle poked the puck in from the side after McDougall and Van Doran had taken it behind the net. A minute later Jack Wilkie picked up a loose puck and scored after a pass from Lou Hawk went wide. Van Doran put Caps ahead almost five minutes later when he teamed with McDougall and Bill Kyle on a rush.

TWO GOALS by Fenn in less than a minute, both on rushes with Keith Burgess, put Saskatoon ahead as Quakers, playing their best hockey of the game, began to outskate the first Caps. Brown tied it up with less than five minutes to go when, standing in the goal mouth, he slipped in Lou Hawk's pass from behind the net. But the Burgess-Sailer-Fenn line teamed for two more goals, one by Burgess and one by Fenn, to clinch the game.

SASKATOON—McAuley, John, Montgomery, Shabaga, Bentley, Livingston, Shiga, Craig, Jim, Burgess, Sailer, Fenn, Olson, Rempel, O'Hara, Richardson.

REGINA—Foley, Grinke, Gie, Kyle, Bill Kyle, McDonald, Van Doran, Sailer, Brown.

Plan Extensive X-Ray Survey

A drive to make sure that all Edmonton residents take advantage of the service of the mobile chest x-ray units is to be instituted in the New Year according to a preliminary announcement from the Edmonton headquarters of the survey.

It was announced at the same time that to date the Edmonton units have had 26,802 X-ray films interpreted and have found 20 cases of tuberculosis (active) in the group and 164 probably cases of inactive TB. Other abnormalities detected by the chest X-rays amounted to 230.

These figures indicate the need for a complete check-up of every one in the city, it is stated.

The units will be at Garneau and Queen Alexandra schools on Monday and will open there at 6:30 p.m. Later moves are planned with No. 2 unit moving to Strathcona high school Wednesday to operate afternoons and evenings.

Four Injured In Car Accidents

Four persons suffered injuries as a result of traffic accidents during the New Year holiday. Police report a total of 17 accidents during the period. Two motorists were arrested, and police are looking for three others who were involved in accidents and failed to make a report on them.

In an accident at 30 street just north of 118 avenue, J. A. Campbell, 1282 88 street, suffered injuries. Although he had gone home following the accident police report he was later returned to the St. Mary's hospital. The extent of his injuries was not known. The accident occurred about 3:30 a.m. Thursday.

Miss D. Holland, Edmonton, suffered a slight bump on the left temple when the car in which she was riding, driven by A. Stittuck, 1041 10 avenue, collided head on with another vehicle at 108 avenue and 100 street about 3 a.m. Thursday.

Police said the driver of the other car was Merlyn Morgan, 7572 110 avenue.

Robert Fyde, employed at Trench's Lunch, was injured when struck by an auto at the intersection of Jasper avenue and 100A street about noon Wednesday.

Alfred driver of the auto was Alvin Jennings, 1062 131 street. The woman was taken to hospital suffering a cut above the left eye and abrasions to both knees.

A slight concussion was suffered by Thomas Mason, 1318 86 street, when struck by an auto at 100 street and Jasper avenue on New Year's Eve. He was removed to General Hospital. Police said the driver of the auto was Ralph Overton, 3058 144 street.

Newly Formed Board Will Direct Bulletin

Future operations of The Edmonton Bulletin will be directed by four prominent Edmonton business and professional men in association with G. M. (Max) Bell, Calgary. All have been resident in the province for a great number of years, and have outstanding records for public service in many various fields.

THEY ARE

Thomas N. Mager, senior partner in the real estate firm of Mager and Glasgow Ltd., who was born in Belfast, Ireland, and came to Edmonton in 1911. He was educated at Dundalk College and Queen's College, Belfast. Twenty-five years ago he started his present business, which has been steadily expanding since. He served for several years on the Edmonton Separate School Board, and also was the board's representative on the city's board of health. He married Miss Kathleen Hagmann, and they have five children.

Olyver C. McIntyre, managing director, Capital City Box Co. Ltd., who was born in three County, Ontario, and went to Calgary in 1905, residing in the southern city until 1912 when he moved to Edmonton. He joined the staff of the Capital City Box Co. in 1909, as accountant, and became managing-director in 1914, and ever since has held that position. A Holman, he has been president of the Edmonton club, a district governor of District 16 and a Canadian director on the board of directors of International Railway. He was president of the C.M.C.A. for three years, and was a vice-president of the first Commonwealth Chess Congress.

He is a member of the board of governors of the University of Alberta. He served overseas in World War One for three years with the Canadian Trench Mortar Battalion, and in World War Two was engaged actively in the affairs of the Edmonton Flying School at which air force personnel from many European countries were trained. He was admitted to the British Empire Club in 1906.

George H. Sizer, K.C., Edmonton barrister, was born at Hamilton, Ont., and is a graduate of Queen's University with a master of arts degree. He received his legal education at the University of Toronto and was admitted to the Alberta bar in 1915. He was appointed a judge of the court in 1925. He has been a professor of law and acting dean of the law faculty at the University of Alberta from 1923 to 1947.

He is a member of the Edmonton Association, and is chairman of the legal education committee of the latter organization. He is a member of the Law Society of Alberta, and was its president in 1937. He has been the third member that inquired into the Dominion-Stateside business, a natural resources dispute.

Professor Andrew Stewart, president of political economy, University of Alberta, was born in Edinburgh, Scotland, and received his education at Edinburgh and Manitoba universities. Following his term at Manitoba university he came to Edmonton in 1905 and in 1907 he is an active member of the Executive Committee of Commerce and represents the University of Alberta on its council. He also takes an active interest in Edmonton's home and school movement, and also in the city's reorganization. He prepared a report for the Alberta Research Council on rural electrification, and was executive secretary of the Alberta re-constitution, and also in the formation of the C. D. Howe, minister of reconstruction.

G. M. (Max) Bell was born at Regina and is a graduate of McGill University, Montreal. His father, the late J. B. Bell, was one of the Calgary Albertans. Mr. Bell has been with that paper since 1905, and its publisher since 1910.

Sudden Deaths Reported Here

Reports of two sudden deaths in the Northern Alberta district were received by H.C.M.P. here Friday. Chris Timson, 26-year-old barber of the Athabasca district, was found dead in his shop New Year's Day by a neighbor, Joseph Eber. The district coroner said the man had been dead since Wednesday, the result of heart failure.

Second death reported was from Foremost. A 65-year-old bachelor, Oscar Hastings, died suddenly Thursday while smoking a cigarette in a friend's home. Heart failure was given as cause of death.

Police Breathe Sigh of Relief

Police breathed a sigh of relief New Year's Day after awaiting with bated breath for something to happen at the night before. Nothing did happen, however, and they thanked Edmonton citizens for one of the quietest New Year's Eves in city police history.

Not one motorist was arrested on a traffic charge during the entire period up to noon Thursday and only three persons suffered minor injuries. The drivers, however, that three motorists may be arrested or summoned for leaving the scene of an accident. Each case involved minor collisions but police say that in all three instances the drivers drove off without making a report.

Eight persons were arrested with the most serious charge being one of assaulting a special constable. The other charges were one of willful damage, five intoxication and one charge of possession of liquor.

Police said counting some of the hold-overs from Wednesday's curfew, 11 persons, also New Year's Day, in the city.

The detective office reported a death during the holiday with no major offences to investigate.

The fire department answered three calls between 12:30 a.m. and 4:15 a.m. New Year's Day. One of these was a fire alarm, which was extinguished with a hand pump. The fire was a small fire, but completely gutted a private home at 1201 1/2 street.

Pioneer Woman Is Dead in City

Miss Mary Cairns, Edmonton pioneer woman of 11316 97 street, died in a city hospital Friday morning. She was 94 years old.

Miss Cairns was the former Miss Mary Straube, was born in Waterloo, Ont., in 1823. She moved to Alberta in 1883. With her family where she met and married the late Thomas Cairns. Mrs. Cairns was a pioneer settler in the Edmonton district. She was a member of the St. Joseph's Church Ladies' Aid.

She is survived by three sons, Andrew, Joseph and Charles, all of Edmonton. Her daughters, Mrs. Violette, Portland, Oregon, Mrs. Mabel, Blackfoot, Alberta, and Miss Agnes, Vancouver, B.C., two brothers, Joseph and Charles, and a sister, Mrs. Mabel, Vancouver, B.C.

The late Thomas Cairns moved to Edmonton from Portage La Prairie in 1892, when he established the first grocery in Edmonton. Mrs. Cairns and family moved to Edmonton the following year.

Mrs. Cairns was a life member of the Northern Alberta Pioneer and 75th Trench Mortar Battalion, and was also a member of the St. Joseph's Church Ladies' Aid.

Funeral services will be held in the Community Memorial Funeral Chapel, Sunday evening at 8:30 o'clock. The interment will be conducted Monday, Jan. 5, at 10 a.m. in the St. Joseph's Cathedral.

Retired Building Inspector Dead

Alexander Melrose Douglas, 1201 91 street, a resident of Edmonton for 44 years, died in a city hospital Tuesday.

Mr. Douglas was born in Pittsburg, Scotland. He moved to Canada in 1866 and came to Edmonton the following year. He was employed by the City of Edmonton for more than 30 years and at the time of his retirement in May, 1905, was building inspector for the city.

He was a member of Unity 51 Masonic Lodge, Nampo 47 Lodge, I.O.O.F., and the Veterans old fellows Association.

Mr. Douglas was survived by two sons, Robert and Edward; two daughters, Mrs. George Butler, and Miss Eleanor Douglas, all of Edmonton. He was also survived by Mrs. Violette, Portland, Oregon, and Mrs. Mabel, Blackfoot, Alberta, and Miss Agnes, Vancouver, B.C.

A funeral service will be held Saturday at 2 p.m. in the Howard and Melrose funeral chapel. The Rev. Dr. T. Young will officiate. Burial will take place in Edmonton cemetery.

Fire Destroys Soap Factory

The one-story Simpson Products factory, 1231 61 street, was gutted by fire about 9:15 p.m. Thursday. Heavy damage to the building and installations were done.

The owner, Adolph Osenfeldt, 1231 61 street, said he lost the factory just before it broke out in flames. He said he had been filling a boiler with water and had been home about five minutes when William Noren, 1201 107 street, came to inform him of the fire. Previously a youngster had turned in the alarm.

Firemen from Station Five and Seven fought the blaze for about an hour and a half, using six lines of hose.

To Edmonton Bulletin Union Representative Promises Full Support

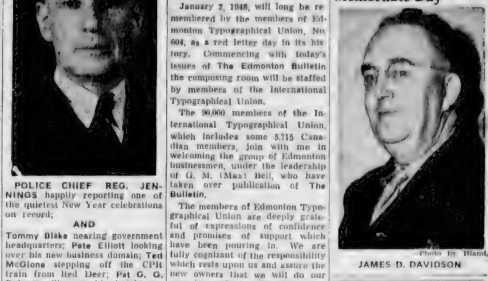

Describing today as "a red letter day" in the history of the Edmonton Typographical Union, James D. Davidson, Western Canada representative of the International Typographical Union, said that as the only "fair" union paper in this city, The Edmonton Bulletin would receive full co-operation of his organization.

Mr. Davidson made the following statement:

January 2, 1918, will long be remembered by the members of the Edmonton Typographical Union, No. 604, as a red letter day in its history. Commencing with today's issue, the members of the union, the composing room will be staffed by members of the International Typographical Union.

The 604 members of the International Typographical Union, which includes some 5715 Canadian members, join with me in welcoming the group of Edmonton businessmen, under the leadership of G. M. (Max) Bell, who have taken over publication of The Bulletin.

The members of Edmonton Typographical Union are deeply grateful of expressions of confidence and promise of support which have been pouring in. We are the custodians of the responsibility which rests upon us and assure the new owners that we will do our best in producing The Bulletin, the only "fair" union paper in the city of Edmonton.

Several Thefts Reported in City

Tuesday, Christmas Eve, a bullion money and two automobiles were reported stolen to city police during the New Year holiday.

Alex Levitt, 3412 71 street, told police four of his turkeys were missing from a shed on New Year's morning. Police said a trail of feathers led from the shed out to the roadway, and marks in the snow showed where the wings dragged as the birds were carried by their feet. The turkeys of a half were also visible.

The Christmas tree bulbs were taken from a tree in the front yard at the home of Francis Mear, 1013 10 street. Charles Mitchell, 614 10A avenue, told police his wife's coat containing \$17 was taken from his coat pocket while standing at a dance on New Year's Eve.

Both of the extra stolen were taken from New Year's Eve. One, a 1907 sedan bearing license number 9558 10B street. The vehicle is said to be owned by Bill Nares, 955 92 street.

The other auto, a 1909 sedan, was taken from in front of the Alberta liquor store on 101 street. The owner, Thomas L. Hodge, 960 12 avenue, told police he had left the keys in the car. The vehicle is black in color and carries license number 72125.

Bridge

By William E. McKenney

My first article on bridge appeared in the 1928, which means that my first year as a bridge writer. I have since then written a lot of bridge columns, and I have found that it is a very interesting and profitable hobby. I will give you a few suggestions on how to play bridge.

In regard to the hands that come to you, I would like to say that you should not be too sure of your own strength. It is often better to play a safe hand than to take a big risk. I will give you a few suggestions on how to play bridge.

Today's hand came from John E. Hitter of Boston, Mass. It was played in a rubber bridge game. I will give you a few suggestions on how to play bridge.

Dominion Expert Says "Hooney and Nonsense"

OTTAWA, Jan. 2.—(CP)—Dr. P. S. Archibald, director of a lot of hooney and nonsense, Wednesday termed as a "lot of hooney and nonsense" statements that the Canadian farmer is less efficient than the American farmer.

Commenting on an article in the current issue of *Fortune* magazine, Dr. Archibald said: "The Canadian farmer is as efficient as the American farmer in a scientific way and in every other respect."

The article stated that the "different position" of Canada's agriculture was "partly the Dominion's fault." To a far greater extent than was commonly realized, the efficiency of the U.S. farmer was the result of the "superb technical and scientific guidance" that he received.

Dr. Archibald said that if Canada was as far behind the United States he wondered why American agricultural institutions "colored" Canada's agricultural scientists who were educated and trained here.

The article stated that in an average, Kansas wheat farmers yielded 30 bushels of wheat per acre, while Canadian wheat farmers yielded only 15 bushels per acre.

He said the article complained of much nonsense and that it must have been written by someone who was "blind with prejudice" that he did not know what he was saying.

For a good housekeeper, set the table with straight hands on the floor behind the hips. Pull knees up to chest, raising a few inches from the floor, and bring knees from side to side, holding them in the air, and bring knees to the floor on the right side, then on the left side.

Repeat swings eight times and bring knees to the left side. Repeat swings eight times and bring knees to the right side.

Your Baby and Mine

By Myrtle Meyer Eldred
I am pretty sure that it is impossible to make rules that will do all householding. But this does not mean that parents are not to be held responsible for the children's behavior. I will give you a few suggestions on how to raise your child.

At the moment I am concerned with the child who has been allowed to do as he pleases. I will give you a few suggestions on how to raise your child.

Now that the child is old enough to be able to do as he pleases, I will give you a few suggestions on how to raise your child.

Men Who Dressed According To Politics
People have many times been seen sitting down to breakfast in the world's political beliefs. This happened in the French Revolution.

The greatest rule of war is to keep the enemy from knowing your plans. This is the rule of war. This is the rule of war.

Young Man Was Really Thankful

BUENOS AIRES, Jan. 2.—(AP)—A young man who came in lunch with Mr. and Mrs. Paul Phillips with a letter of introduction from a friend, insisted on saying "thank you" to the waiter.

"For what we are about to receive may the Lord make us truly thankful," he said, and then he disappeared with most of the silver and a cash box.
